

FOUND & BAKER

PROPERTIES

Found & Baker Properties – Property stylist / Brand experience specialist

What about the job?

This is not your ordinary broker - and therefore not an 'ordinary job' either.

At Found & Baker, we really go the extra mile. As an interior stylist, you bring interiors to life with a refined and creative touch. You have a keen eye for design, architecture and finishing and effortlessly transform separate objects into a stylish unit. Following up our social media channels and editing images are also part of your responsibilities. Moreover, you may take the creation of a 'house style' of the various F&B offices literally.

You will work closely with our marketing manager Maxime and with the external photographer. In addition, you play a crucial role in the brand experience around our Found & Baker brand. You will support, brainstorm and actively think along in the development and execution of our events, ensuring a consistent and impactful brand experience.

Furthermore, you will contribute to the further development of our brand identity, always with a keen eye for beauty and detail.

In short, a job in which creativity, aesthetics and finesse are key.

What do we expect?

Our Found & Baker DNA is no stranger to you:

- **Perseverance** - You always go for the best result.
- **Autonomy** - You take initiative and know what needs to be done.
- **Customer focus** - You understand how important details are to our customers.
- **Social attitude** - You build lasting relationships with customers and colleagues.

In addition:

- Creativity is second nature to you: You have an unerring sense of style and atmosphere.
- Eye for detail - From perfectly pleated table linen to a burning fireplace, you think of everything.
- Being on the road does not scare you - You style premises in West and East Flanders.
- Flexibility is key - Long days in good weather, quieter days when it rains.
- Hands-on mentality - Do you need to clean a window or quickly handle the Hoover?
- Team player who can work independently - You can cooperate, but also take responsibility yourself.
- You preferably have knowledge of Indesign / Adobe,...
- Full-time availability (Tuesday-Saturday) - So you are there at the peak moments of the real estate market.
- > 4/5 is negotiable - however, you will be expected to work on Saturdays occasionally.

What's in it for me?

- You will come into daily contact with exciting people in the most beautiful environments.
- An attractive salary complemented by fringe benefits.
- An incredibly close and dynamic team where humour is never far away.
- Curiosity and initiative are encouraged and rewarded.
- Regular teambuildings in dreamlike settings.
- Freedom and flexibility.
